each project which is established in accordance with § 891.715(b) out of the amounts by which the maximum annual commitment exceeds the amount actually paid out under the PAC each year.

Project assistance payment means the payment made by HUD to the Borrower for assisted units as provided in the PAC. The payment is the difference between the contract rent and the tenant rent. An additional payment is made to a family occupying an assisted unit in an independent living complex when the utility allowance is greater than the total tenant payment. A project assistance payment, known as a “vacancy payment,” may be made to the Borrower when an assisted unit (or residential space in a group home) is vacant, in accordance with the terms of the PAC.

Rent is defined in § 891.505.

Tenant rent means the monthly amount defined in, and determined in accordance with part 813 of this chapter.

Total tenant payment means the monthly amount defined in, and determined in accordance with part 813 of this chapter.

Utility allowance is defined in part 813 of this chapter and is determined or approved by HUD.

Utility reimbursement is defined in part 813 of this chapter.

Vacancy payment means the project assistance payment made to the Borrower by HUD for a vacant assisted unit (or residential space in a group home) if certain conditions are fulfilled, as provided in the PAC. The amount of the vacancy payment varies with the length of the vacancy period and is less after the first 60 days of any vacancy.

§ 891.665 Project size limitations.

(a) *Maximum project size.* Projects funded under §§ 891.655 through 891.790 are subject to the following project size limitations:

(1) Group homes may not be designed to serve more than 15 persons on one site;

(2) Independent living complexes for chronically mentally ill individuals may not be designed to serve more than 20 persons on one site; and

(3) Independent living complexes for handicapped families in the developmental disability or physically handicapped occupancy categories may not have more than 24 units nor more than 24 households on one site. For the purposes of this section, *household* has the same meaning as *handicapped family*, except that unrelated handicapped individuals sharing a unit (other than a handicapped person living with another person who is essential to the handicapped person’s well-being) are counted as separate households. For independent living complexes for handicapped families in the developmental disability or physically handicapped occupancy categories, units with three or more bedrooms may only be developed to serve handicapped families of one or two parents with children.

(b) *Additional limitations.* Based on the amount of loan authority appropriated for a fiscal year, HUD may have imposed additional limitations on the number of units or residents that may be proposed under an application for Section 202 loan fund reservation, as published in the annual notice of funding availability or the invitation for Section 202 fund reservation.

(c) *Exemptions.* On a case-by-case basis, HUD may approve independent living complexes that do not comply with the project size limitations prescribed in paragraphs (a)(2), (a)(3), or (b) of this section. HUD may approve such projects if the Sponsor demonstrates:

(1) The increased number of units is necessary for the economic feasibility of the project;
